The 70th Anniversary of the Regina Council of Women is a tribute to women who paved the way for most of the cultural and welfare agencies in Regina. Nation wide research of energy and talent in leadership training by the Department of Citizenship and Immigration was undertaken to supply more women leaders for community development. The Annual meeting of the Regina Council of Women was held January 30th with Mrs. Monette presiding.

She gave a very comprehensive report on the activities of the Council during the year. In commenting on the National Convention, Mrs. Monette considered she was fortunate in being able to represent our Council at the Women's Day at Expo /67, and was very impressed by the calibre of Women at the National Convention. It was quite evident why our National body is consulted for its opinion on community affairs. The Convention concluded with a meeting of the National Council of the Americas conducted by the International President of the Council of Women, Mrs. Mary Craig Schuller McGaacy of France. It was very interesting to meet Council members from the Barbados, Dominion Republic Haiti. as well as those from United States.

It was revealing to find their concerns were basically the same as ours in Canada - namely the improved conditions for women and children in all phases of the community.

The highlight of the year was undoubtedly the sponsorship of the National Youth Orchestra with the collaboration of the Regina Musical Club. This not only put the finances of the Regina Council in good order, but also demonstrated the desire of Council to foster the activities of our Canadian Young People.
